Subject: FOIA re Bullseye Glass
Date: Wednesday, March 02, 2016 8:49:00 AM

Dear Mr. Mensher-

This email is to follow-up on our phone call yesterday, March 1, 2016, regarding your Freedom of Information Act request, FOIA-2016-004246. In your original information request, you requested the following:

“...documents your office has collected in the course of evaluating the emissions from the Bullseye Glass Co. facility and the effects of those emissions on residents and businesses in Portland. Responsive documents should include but are not limited to the data collected by the EPA; summaries and reports based on that data; and internal and external communications regarding the emissions at Bullseye.”

We spoke yesterday to clarify the scope of your request. You clarified that your request does not include internal communications and does not include the actual information claimed as Confidential Business Information (CBI).

Thank you for taking the time to speak with us yesterday in order to clarify your request. If you have any additional questions, please feel free to contact me at 206-553-1532.

Sincerely,
Kris Leefers
